SEIN PYAE HTAY

Bim Modeler Cum Drafter

CAD Drafting | AutoCAD 2D/3D Drafting | Construction Drawings | BIM Modelling | Revit Architecture | Revit Structure | Shop Drawings | As-Built Drawings | SketchUp | Knowledge of Singapore CAD Standard (CP 83)

My Portfolio

Career Objective

BIM Modeler cum Drafter with an Advanced Diploma in Civil Engineering and 3 years of project experience in architectural, structural drafting. Creates accurate AutoCAD 2D drawings and Revit 3D BIM models, including plans, sections, elevations, and construction documents. Collaborates with project teams to prepare drawings that follow standards and support smooth project progress.

Key Achievements

- Supported the successful completion of multiple residential and commercial construction projects through accurate drafting and drawing revisions.
- Prepared architectural, shop, and construction drawings within project deadlines.
- Contributed to improving drawing accuracy by identifying and correcting drawing discrepancies before submission.

EXPERIENCES

BIM Cum CAD Drafter **(Sept 2024 – July 2026)**

King Construction Group Co.,LTD **Myanmar**

Duties & Responsibilities

- Prepared architectural and construction drawings using Autodesk AutoCAD based on project requirements.
- Developed and updated architectural BIM models using Autodesk Revit for design coordination and project documentation.
- Produced floor plans, elevations, sections, detail drawings, and shop drawings to support construction activities.
- Assisted in creating and modifying basic Revit families according to project requirements.
- Coordinated with architects, engineers, and site teams to resolve drawing issues and design discrepancies.
- Revised drawings and BIM models based on consultant comments, client feedback, and site changes.
- Managed drawing revisions, file organization, and project documentation while ensuring drawing accuracy and quality.

Site Engineer cum Drafter **(Sept 2023 – Sept 2024)**

King Construction Group Co.,LTD **Myanmar**

Duties & Responsibilities

- Prepared architectural and construction drawings using Autodesk AutoCAD according to project requirements.
- Produced shop drawings, detail drawings, and drawing revisions to support construction and site execution.
- Supervised daily site activities and monitored construction progress to ensure compliance with drawings and specifications.
- Coordinated with subcontractors, site teams, and project stakeholders to resolve technical and construction issues.
- Conducted site inspections, updated drawings based on site conditions, and reported project progress and quality issues.

EDUCATION

- **Advanced Diploma in Civil Engineering** (Distinction)
  City and Gulids London Institute (UK) 2023 – 2026
- **Associated Degree in Business Administration**
  University Of People (USA)
  2024 - 2026

LANGUAGE

- English (Intermediate)
- Chinese (Basic & Continue learning)
- Burmese (Native)

CERTIFICATE

- Revit Architecture and Structure (Autodesk Authorized Training Centre)
- AutoCAD Intermediate (Autodesk Authorized Training Centre)
- Sketchup Certificate
- BIM Level 1 (Modelling & Family Creation)
- Adobe Photoshop Certificate
- Certificate in Professional Civil Engineering
- Chinese Basic Certificate

TECHNICAL SKILLS

- AutoCAD (2D Drafting)
- Revit (3D Modelling)
- Sketch Up (3D Modelling)
- Tekla (Basic)
- Adobe Photoshop
- Cost Estimation
- Microsoft Office (Word, Excel, PowerPoint)
- Microsoft Project
- Knowledge of Singapore CAD Standard (CP 83)

SOFT SKILLS

- Fast learner
- Self-motivated
- Team collaboration
- Time Management
- Multitasking
- Decision Making
- Strong Communication

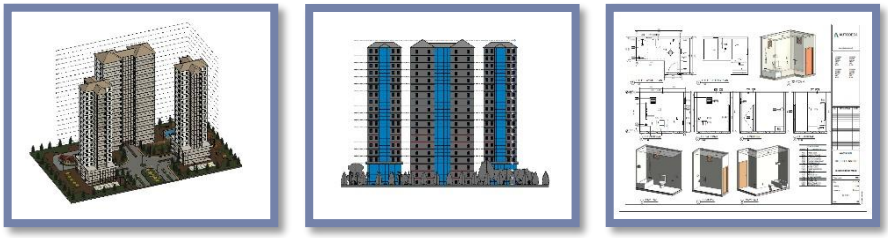

Academic Project **(Sept 2025 – March 2026)**

Zeon Light Group, Yangon **Myanmar**

Duties & Responsibilities

- Developed detailed 2D architectural drawings, including floor plans, elevations, sections, and layout drawings using Autodesk AutoCAD.
- Applied layer management, dimensioning, annotation, and plotting standards to produce accurate construction drawings.
- Prepared drawings based on design requirements and drafting standards. Updated drawings based on actual site conditions and project changes.
- Applied drafting standards (e.g., line weights, hatching, dimensions) and maintained accurate
- Created architectural BIM models using Autodesk Revit, including walls, floors, roofs, doors, windows, and stairs.
- Generated plans, elevations, sections, drawing sheets, and modified Revit families to support project requirements.

Mini Portfolio

High-Rise Residential Building Project – Autodesk Revit 2024

Residential House Drawing Project – Autodesk AutoCAD 2024 & Sketchup

Construction & Structural Detail Drawing - Autodesk AutoCAD 2024

Summary

Motivated and detail-oriented Drafter with 3 years of experience in AutoCAD drafting and construction documentation. Possess BIM modelling skills using Autodesk Revit and committed to delivering accurate, high-quality work while contributing to the success of the company.

Best Regards,

Sein Pyae Htay
